

Tellermate | Touch

Counts your cash in under 60 seconds with Tellermate's most connected cash counter.

The **Tellermate Touch** gives you all the help you need to cash-out, prepare start-of-day & bank deposits and reduce discrepancies. The intuitive touchscreen interface makes it easier to enter balances, reference numbers and media items, so you can reconcile your cash drawer in under one minute.

The Tellermate Touch is a fully connected device. Print using USB, Bluetooth or wifi to your chosen printer. And the Tellermate Touch app means you have instant visibility of your cash across multiple locations.

Built with Biomaster antimicrobial surface protection. Biomaster is proven to inhibit the growth of bacteria by up to 99%.

Identify discrepancies so you can act on them swiftly and confidently.

T-i^x 2000PO

Intelligent
Cash Counting

The Tellermate T-i^x 2000PO accurately counts a cash drawer in under a minute, reducing errors and giving you more time to focus on profit producing tasks.

Counts in less than 60 seconds.

It can quickly and accurately count a drawer of coins, notes and coupons saving you valuable time. When combined with a Tellermate printer, you can print reports for even greater accountability.

The T-i^x 2000PO helps you prepare more efficient bank deposits with a feature that alerts users to errors in bands, ensuring that deposits are correct the first time, while providing an instant view of daily cash takings.

Two counting tasks for cashing up and banking

Customisable float values

Option to connect to a Tellermate printer

Multiple currency options available

Software upgradeable via USB drive

Smart, tough and accurate

 **T-i^x** 2000PO
Intelligent
Cash Counting

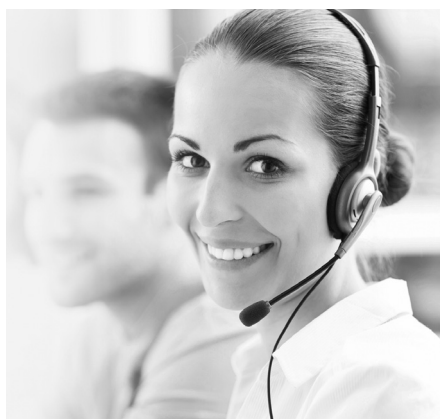

We design our cash counters so that anyone in your business can learn to use them quickly and easily.

Our intuitive menus guide users through the steps of each counting task. The large backlit display makes features easy to find and use.

Our cash counters are light, portable and tough with a liquid resistant key mat to protect against spills.

Customer Support

The Tellermate Customer Support team are there to help you every step of the way. Our team are able to solve the majority of customer queries over the phone, easily & efficiently.

Input

The T-i^x 2000PO can count loose coins & notes, bundled notes, bagged coins and coupons.

Control

A large backlit display with clear icons and keypad is easy to use and read, preventing usage errors.

Connect

Data can be sent to a Tellermate printer, giving you an excellent overview of your cash management.
